

Letter No: 32267 /BMC Date: 26-06-2025

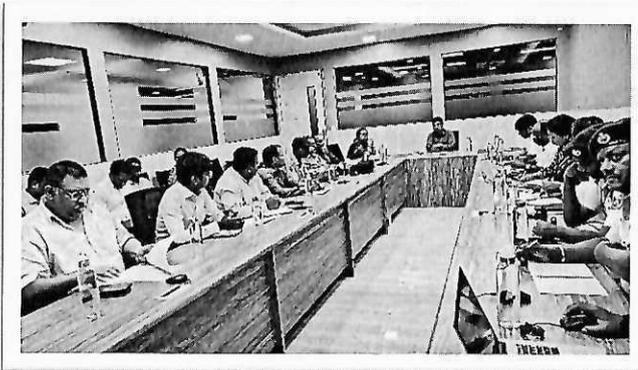

File no: XXXXVI (Emg) – 5/24

## **Report on Tabel Top Exercise held on 18<sup>th</sup> June 2025 at the Mini Conference Hall of BMC.**

A Tabel Top Exercise was conducted on 18.06.2025 at 2.00 PM under the Chairmanship of Sj. Ratnakar Sahoo, Additional Commissioner, BMC. On this occasion, Smt. Sasmita Sahoo, Additional Commissioner - II, Ms. Rashmirekha Amanta, Deputy Commissioner, Emergency & Team BMC along with other line department officials were present.

The list of members present is annexed herewith.

Additional Commissioner welcomed all the participants and briefed about the objective of Tabel Top Exercise. In his address he shared that, this Table Top Exercise is being conducted throughout the State today i.e. 18<sup>th</sup> June 2025 and this exercise shall enhance the inter-

departmental coordination for meeting exigencies for the coming flood / cyclone season.

It also gives a clear picture regarding the water logging areas of BMC & plan tackle the same, the work progress for regarding the cleaning of drains, trimming of trees, covering the drains etc. and enables us to find out the gap & resolve those before the onset of monsoon.

# Bhubaneswar Municipal Corporation

Phone no. 0674-2431253, e-mail: [emergency.bmc22@gmail.com](mailto:emergency.bmc22@gmail.com)

The action plans shared by different stakeholders are given below:

## 1. National High Way Authority of India (NHAI):

A team has been formed to meet any exigencies as stated by the Project Manager, NHAI. One control room is also functioning at Bandalo Toll Plaza. The details are given below:

Disaster Management Team SJEPL (Bhubaneswar Section)				
S No	Disaster Management Team	Designation	Work Alloted	Contact Number
1	Mr. Apurva Adak	Head Maintenance	Available in Case of Emergency	7852935945
2	Mr. Sharvan Kumar Jha	Deputy Head Maintenance	Available in Case of Emergency	7574005292
3	Mr. Suranjan Sen	Section Incharge	Posted at Site (Day Time)	9046657934
4	Mr. Niranjana	Supervisor	Posted at Site (Day Time)	8917470359
5	Mr. Raj Kishore Nayak	Disaster Team	Posted at Site (24x7)	7853013588
6	Mr. Bhabhagrahi Das	Deputy Head Route Operation	Available in Case of Emergency	7039657130
7	CRO	Control Room SJEPL	Bandalo Toll Plaza (24x7)	7205070401
8	Mr. Sunil Kumar Mishra	Safety Executive	Available in Case of Emergency	9861358811

Similarly, NHAI has completed 80% of its pre monsoon activities and the rest is under progress which shall be completed by 30<sup>th</sup> June 2025. The details of activities carried out by NHAI are given below:

Premonsoon Activities Status Summary						
Premonsoon Activities from Ch-414+000 to 419+000 & 0+000 to 10+700 (Bhubaneswar Section)						
No	Type of Structure	UoM	Total Structures	Cleaned up to date	Balance to be Clean	Remarks
1	Flyover	Nos	9	9	0	Balance Will complete by 30.06.2025
2	Major Bridge	Nos	5	5	0	
3	Minor Bridge	Nos	9	5	4	
4	VUP/PUP/CUP	Nos	14	14	0	
5	ROB/RUB	Nos	1	1	0	
6	Box Culvert	Nos	13	10	3	
7	Lined Drain	Rm	25161	17540	7621	
8	Median Drain	Rm	730	730	0	

## 2. Drainage Division, BMC:

Executive Engineer, Drainage shared that there are 30 numbers if vulnerable points have been identified in BMC area where as another 6 pumps are kept in back up for necessary deployment. Rapid Action Teams (RATs) have been formed under comprising of 4 nos in each team which shall be kept in disposal of each Zonal Deputy Commissioners. Further the ZDCs shall ensure submission of Ward wise field survey report of Drainage field survey report and any additional requirement of pumps to the drainage section. Drainage team shall coordinate with Fire Service to use their pumps. Similarly, a Control Room

# Bhubaneswar Municipal Corporation

Phone no. 0674-2431253, e-mail: [emergency.bmc22@gmail.com](mailto:emergency.bmc22@gmail.com)

shall be opened particularly for solving the drainage / water logging issues in which all line department nodal officers shall be added.

*The Fire service shall keep in readiness 5 number of portable and 5 number of heavy duties Pump Sets for immediate engagement as and when required during rainfall of higher intensity.*

*NHAI authorities requested to submit the standard design of Horizontal Drilling method within 7 days' time for crossing of drainage line through Tankapani NH Sai Mandir square for outfall onto Gangua canal. The contact person with the number is given below:*

1. Rajiv Kumar – Manager, PIU, BBSR, NHAI – 9971756276
2. Abinash Pandey, SE, NHAI, BBSR - 9399855076

### 3. Health Preparedness (ADUPHO):

While discussing the health preparedness, ADUPHO, Bhubaneswar shared that a detailed plan of action has already been prepared at their level and accordingly all the staff have been orientated with regard to tackle the monsoon diseases. Details Plan of Action is given below:

The overview of facilities available under health:

- Total No of Wards :67
- No of VSC (Virtual Sub-centre) :89 (Existing) 105(New creation)
- No of Slum :489
- Slum population :3,89,456
- Urban Mobile Health Unit (UMHU) :3
- ILR Point :14
- Health Worker (Female) :81
- ASHA :240
- LHV :2

(Out of 14 ILR Points 12 ILRs are managed by ANM)

Public Health Infrastructure available in BBSR City:

- Tertiary Care : AIIMS – 1
- Secondary : Capital Hospital (DHH Level) – 1
- Primary care:
  - Urban Community Health Centres : 4
  - Urban Primary Health Centres : 22
  - Urban AAM (Ayushman Arogya Mandir) : 18

Preparedness for Disaster management:

- In case of UHCs CMMO/Superintendents/Medical Officers are declared as the Nodal Officers and in UPHCs & UHWCs MO/ICs are declared as Nodal Officers during emergency response.

# Bhubaneswar Municipal Corporation

Phone no. 0674-2431253, e-mail: [emergency.bmc22@gmail.com](mailto:emergency.bmc22@gmail.com)

- UCHCs are running in 24\*7 basis.
- There are 14 ILR Points operating in the BMC area.
- 4 Nos of Ambulance services are available at UCHC BMC. (3 Nos at UCHC BMC at 1 No is at Capital Hosp.)
- 24\*7 hours power backup is available in all 44 Nos. of UCHCs / UPHCs / UHWCs through DG Set (8 Nos) and through inverter (36 Nos).
- 24\*7 hours Drinking water facility available in all health facilities.
- Functional Telephone is available in all health facilities.
- In UCHC BMC Hospital, total 108 beds are available and the rest 3 UCHCs are 30 bedded hospitals.
- In each UPHCs & UHWCs, 2 beds and 1 bed is available respectively.
- Adequate quantity of ORS, IV Fluid & other Anti Diarrhoea medicines are available in all health institutions.
- Adequate quantities of medicines as per Essential Drug List (EDL) are available in all health institutions.
- Adequate quantities of Halazone/Chlorine tablets are available in the health institutions.
- Total of 734 Kgs of Bleaching Powders are available in all health institutions.
- 453 No of Inj. ASV (Anti Snake Venum) are available in UCHCs/UPHCs.
- Total 3854 No of IV Fluids are available in all health institutions.
- ARV (Anti Rabies Vaccine) Clinics are established at 4 UCHCs & 4 Poly Clinics.
- Community Health Volunteers like
  - ASHA-240,
  - Mahila Arogya Samiti-541,
  - ANM-81 &
  - Anganwadi Workers -365 are engaged for providing health care services.
- ASHAs are supplied with kits for treatments of minor ailments.

Detailed plan of action each UCHC / UPHC:

- The detailed plan of action in respect of each UCHC / UPHC is annexed at **Annexure - I.**

#### 4. Action Plan by Block Education Officer, Bhubaneswar:

BEO I/C, has explained that all necessary steps have been taken in view of the coming flood / cyclone season. The following instructions have been issued to all elementary and secondary schools.

- All the Head of Elementary and secondary schools shall be intimated to take precautionary steps for the safety of school children.
- Availability of safe drinking water shall be ensured in all schools.
- Students shall not be allowed to go outside in case of heavy rain, lightning, and cyclone like situation.
- HM of school shall ensure availability of ORS powder and Glucose in all schools.

# Bhubaneswar Municipal Corporation

Phone no. 0674-2431253, e-mail: [emergency.bmc22@gmail.com](mailto:emergency.bmc22@gmail.com)

- Students shall be advised to bring water bottles, umbrella and raincoat while coming to school.
- School authorities have been instructed to keep the electric instruments, boards and wire from proper distance from the students.
- HM and Teachers are instructed to keep all emergency contact numbers of parents as well as near Govt. institutions like Fire, Police, BMC, nearest UCHC, UPHC etc.
- School authorities have been instructed to remain in touch with nodal office of the Disaster management of nearest BMC office.
- School authorities shall be instructed to remain alert at the time of Heavy rain / Flood / Cyclone and provide rooms to the evacuees if required by the administration. The list of Schools, 149 nos (High School – 60 nos and Primary Schools – 89 nos) are annexed at **Annexure – II**.

## 5. Action Plan by Chief Municipal Medical Officer (CMMO):

The details of action plan submitted by Chief Municipal Medical Officer is illustrated below:

SI No	Plan of Action	Functional	Not Available	Required
1.	Ambulance Service	3 nos		Fuel As and When required
2.	Power Back up	Generator (160 Kv)		15 ltrs per hour
3.	Inverter	5 nos		
4.	Presumptive Admission of Pregnant Mother	20 nos		
5.	Resue of Pregnant Mother and Baby	As per the requirement		
6.	Diet for Patients / attendants & Staff		No	
7.	Supply of Drinking Water		No	
8.	Drugs Antibiotics	Yes		
9.	Anti Diarrheal	Yes		
10.	IV fluids	Yes		
11.	ORS	Yes		
12.	Dressing Material	Yes		
13.	All Emergency Drugs / Crass Cart	Yes		
14.	Emergency Service (24X7)	Yes		
15.	ECG (24X7)	Yes		
16.	X-Ray	Yes		
17.	Emergency Telephone			<b>0674-4042759</b>

## 8. Action Plan by TPCODL:

Executive Engineer, TPCODL has explained the preparedness for the coming Flood / Cyclone Season to the house and the same is given below:

### Levels of Disasters

Weather Data	L1	L2	L3
Alert for Kalbaisakhi	Low	Moderate	Heavy
Alert for Cyclone *	62-87 KM/Hr.	88-117 KM/Hr	118 -165 (Very Severe) /166-220 (Extremely Severe) / >220 (Super cyclone) KM /Hr
Temperature trend Forecast *	> 40 Deg C for atleast 5 Hrs	>45 Deg C for atleast 6 Hrs. (Heat Wave)	> 47 Deg C (Severe Heat Wave)
Network / Gen.Data	L1	L2	L3
Transmission network Non availability	Interruption in TPCODL system / OPTCL leading to load shedding of 100 MW for 1 Hr.	Interruption in TPCODL system / OPTCL leading to load shedding of 200 MW for more than 1 Hr.	Interruption in TPCODL system / OPTCL leading to load shedding of 300 MW for more than 1 Hr.
Flood Information	L1	L2	L3
Flood Alert	Affecting 2-3 Divisions	Affecting 4-8 Divisions	Affecting more than 8 Divisions
Consumers Affected	L1	L2	L3
Nos.of Consumers Affected	<50,000	<100000	>100000
Interruption	L1	L2	L3
Nos.of Interruption	< 20 BD	20- 50 BD	>50 BD
* Thersholds have a reference from IMD Website			
Kal Baisakhi are localised thunderstorms, associated with violent winds, torrential downpours, often accompanied by hail.			
Detailed Action Plans for each of the Disasters have been prepared for invocation during the Disaster			

### Preparedness Measures by TPCODL:

- Control Room is functional bearing number **1912** and **18003457122 (Toll Free)** for addressing the issues at the earliest.
- Satellite Phones are operational with CEO, Chief Operations, PSCC, Circle Heads for ensuring continuity of communication
- Emergency Response Teams will be deployed for drinking water facilities, hospitals and Collectorate.
- Additional manpower and vehicles are mapped and will be made available.
- 05 Nos. Mobile Distribution Sub Stations are available.
- Storage locations for Emergency materials like pole, conductor and LT ABC mapped and made available at Section level
- Separate agencies for tree cutting/trimming deployed across the costal divisions
- Mapped 2 Pole masters per division to attend to exigencies
- 05 Nos. ASKA lights have been provided at vulnerable locations
- Feeder managers are identified with defined responsibility for 33 kV & 11 kV feeder w.r.t. maintenance and pre & post disaster
- Display of Public Safety awareness message on different media/platform

### Power System Control Centre (PSCC):

- 24 x 7 Centralized Power System Control Centre is established at Technology Center Bhubaneswar for Remote Operated Stations.
- 24 X 7 Decentralized Area Power System Control Centre have been established at all the Circles for Local Operated Stations

# Bhubaneswar Municipal Corporation

Phone no. 0674-2431253, e-mail: [emergency.bmc22@gmail.com](mailto:emergency.bmc22@gmail.com)

- Divisional level control rooms are activated for coordination during Kalbaisakhi
- At Bhubaneswar city, Hot stand by source has been ensured at almost all PSS for changeover in case of main source breakdown within 1-2 mins with 98% success rate
- 66 nos. Of 33kV RMUs are operational from remote at Bhubaneswar city ensuring fast changeover and ease of operation required for load management
- Weather monitoring stations are installed in all divisions providing the real time data of Temperature, Wind Speed, Rainfall and Humidity
- Contingency Plan Readiness: With the institutionalization of CPSCC for 33kV Operations of all PSS of TPCODL, contingency have been made ready for situational changeovers during overloading condition for better load management ensuring zero load curtailment
- All Outages are centrally planned for maintenance & project works and aligned with OPTCL GSS outages for optimization
- Real Time Information of Interruptions to Call Centre for updating consumers through Suraksha Kavach 2.0

Apart from the above, TPCODL also ensuring the following:

- Service through Call Center Service
- Service through Digital Command Center
- Proactive Communication through SMS
- Bidyut Seva Kendras have been established along with Fuse call complaint attended through FCC 2.0 Mobile Application.
- Pre & Post Cyclone/ Flood Checklist have been prepared and followed strictly. The details are annexed in **Annexure -III**.
- Adequate man power are in place any eventuality. The details are given below:

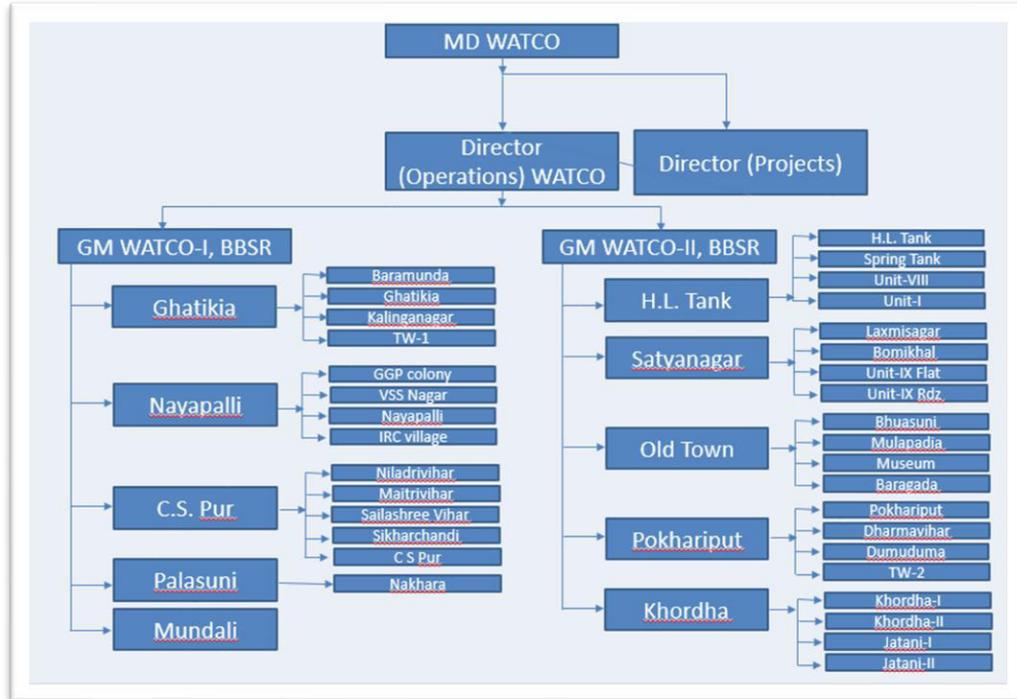

Name of the Dist.	Name of the Division	AMC Man Power	TPCODL Man Power	Total Manpower
Khurdha	BCDD-1	180	168	348
Khurdha	BCDD-2	210	211	421
Khurdha	BED	201	200	401
Khurdha	NED	294	150	444
Total Man Power		885	729	1614

*In addition to this above manpower TPCODL has 200 no's of skilled and unskilled project manpower for BBSR1 Circle.*

## 9. Provision of Drinking water during emergency (WATCO):

GM, WATCO explained the plan of action for the coming Flood / Cyclone season to the house. Further shared that control rooms are functioning in all divisional offices to address drinking water issues if any. The details are given below.

Flow chart showing the details of divisions functioning in the city.

## 11. Action Plan by DC (Sanitation), BMC:

The following arrangements have been made by DC Sanitation in view of upcoming monsoon season and the associated risk of urban flooding in the city.

### 1. Drain Desilting and Clearance of Drain Channels:

- Routine desilting of drains across all wards under BMC is conducted on a quarterly basis to maintain proper flow and prevent water stagnation.
- For the current quarter, approximately 96% of the desilting work has already been completed, with operations executed through manual labour and mechanized means such as JCBs with clearance of de-silting materials within 24 hours.
- The desilting works cover all internal drains of BMC wards. However, in wards like Ward No. 4, 5 & 50, the works are being executed by the Engineering Section of BMC.
- Major stormwater drains and Roads & Buildings (R&B) department drains are excluded from this scope but are being taken up separately by Engineering section.

### 2. Removal of Floating Waste to Prevent Clogging

- Floating waste and debris, which often lead to drain chokage, are being removed daily by sanitation teams.
- Sanitary Inspectors along with field-level staff closely monitor the condition of drains, especially after rainfall, and ensure prompt removal of any solid waste.

### 3. Septic Sanitation for Public and Community Toilets

- All Public Toilets (PTs) and Community Toilets (CTs) under BMC are connected to septic tanks, ensuring no direct discharge into open drains or water bodies.
- Regular desludging schedules are being followed.

### 4. Daily Garbage Collection and GVP Lifting

- Lifting of garbage vulnerable points (GVPs) is being done on a daily basis to ensure no solid waste is left exposed that can be washed into drains.
- This activity is being closely monitored by the designated Sanitary Inspectors with active support from Swachh Supervisors and Swachh Saathi's at ward level.

### 5. Ban on Single Use Plastics (SUP) and Sustainable Alternatives

- A strict ban on single-use plastics has been imposed across the city to reduce clogging of drains with non-biodegradable waste during rains.
- To promote sustainable alternatives, BMC is set to launch a city-wide cloth bag distribution campaign, targeting major commercial areas and vending zones to encourage behavioral change among vendors and citizens.

### 6. Emergency Response Readiness

- Emergency sanitation teams equipped with disinfectants, bleaching powder, mobile toilets, and desludging equipment shall be kept on standby.
- Instructions to be issued all Sanitary Inspectors to maintain high alert during rainfall events, especially in low-lying and flood-prone pockets.

## Pre & Post Checklist by TPCODL for Flood / Cyclone

### Pre- Cyclone Checklist

SI No	Details of Activities	Responsibility Center
1	Setting Up of a Control Room (24 X7) in Circle	TA to C.H
2	Setting Up of a Control Room (24 X7) in Division	Division Co-Ordinator
3	Division-wise Priority mapping for identification of feeders <b>supplying critical infrastructures like hospitals, water supply points, communication networks, railway stations, district and block headquarters immediately after the Cyclone.</b>	SDO
4	Division-wise action plan to be prepared for mobilization of manpower, materials, tools & tackles and transport	SDO
5	Deployment of Discom officials at Multi Agency Control Rooms at district level	SDO
6	Identification of own lineman of the Discom as Feeder Managers who would supervise the restoration work to be done by various agencies hired/taken from other Discoms. <b>Must from safety Point of view</b>	SDO
7	Cutting of tree branches along the power lines so as to minimize the damage of poles and line due to tree /tree branches	SDO
8	Patrolling of feeders to identify for <b>any major safety defect</b> and rectify	SDO
9	Identification of location for storage of material from stores and own local stores	SDO
10	Start fabrication works and keep the DP structure for P/M Substations and Pole with V Cross arm etc. ready. Fabrication of other items like LT cross arms etc.	SDO
11	Identification of Schools and Gram Panchayat office or temple for accommodation of manpower	SDO / JE
12	Take up with District Collectorss/Municipal Commissioners for providing facilities like ODRF/NDRF, Aska Lights, Power Saw, DG Sets, Gas Cutters, Tree Pruners, Welding Machines, Metalic Cutter, Tree Pruner etc	SDOs
13	Meeting with SPs and IIC for discussing the support required during restoration	SDOs
14	Search for suppliers of Pole Master, Hydra, Cranes, JCB, Trucks, Tractors, Pump sets etc	SDOs

15	Arrangement of adequate PPEs like Safety Helmets, Safety Shoes, Safety Gloves, Safety Belt, Ladders, Gum Boots, Safety Equipment like Discharge Rod, Neon Testers, Meggars etc.—Some extra from stores	DMs/ Safety Officer
16	Arrangement of sufficient vehicles and fuel for movement of officers and line staff.	DM (Admin Co-Ordinator)
17	Identification of local unskilled labour who are not registered with anyone but can be used under supervision for unskilled category jobs and get them notified for working through contractors/directly.	SDOs
18	Identification of Containment zone in respective Division and submit list to DM Cell	SDOs
19	Identifying low lying area/water logging area	SDOs
20	SLDs of feeder and send to DM Cell	SDOs
21	Allocation of 33/11 kV Structures to EMR engineers and Technicians for taking up restoration work after landfall.	DMs
22	Projects team to be deputed with Engineers in the likely to be affected Areas and share phone nos of Project officers and BA supervisors to the respective DMs and SDOs.	Project Team
23	Adequate number of Chargers for keeping mobiles in charged mode.	Admin Team
24	Have detailed sessions with teams in each section including BA staff and our own staff for explaining the action plan and Priority of restoration. Special focus on how safety is to be ensured while working. The responsibility of Feeder manager to be explained in detail.	SDOs and JEs
25	Discuss and explain to Section Managers, Lineman, SDOs the damage assessment format, Outage format and restoration format for proper recoding and reporting to Divisional Control Centre.	SDOs
26	First AID kits at all locations	Admin Team
27	Conduct Dry Run for coordination between site and Divisional Control Centre and Divisional Control centre to Circle Control Centre. Circle Control to CECC	DMs / SDOs
28	Allocation of sites to the members of Emergency Support Team Members attached to the division.	SDOs
29	Allocation of Sites and orienting them for safety while they work.	SDOs and Team Lead Safety

30	Visit All Camp sites where accommodation is arranged for ensuring Hygiene and readiness of all support	Admin Team
31	Field Offices to be instructed to shut down their power supply once wind speed crosses 50 Kmph.	SDOs

### Post Cyclone Checklist

SI No	Details of Activities	Details	Responsibility Centre
1	<b>Safety is first and foremost.</b>	At all points safety must not be compromised. It is strictly advised that all feeder managers must stick to their assigned teams unless and until instructed by Section managers. Availability of PPEs, ladders and other safety equipment to be ensured. Safety checks should be done	SDO
2	Ensuring assistance of security at key locations for smooth restoration	Arrangement of Security Personnel for controlling law and order situations at designated material stores, section offices  & sub-division offices & temporary shelters for labours	SDOs in association with the Security Heads of Divisions.
3	Damage assessment of Network as well as Civil Infrastructure after patrolling and site survey. Capturing Videos and Photographs	<b>Damage assessment of Network is the most vital exercise.</b> It should be started only after the wind slows down including  the reverse trend is over  The feeder managers along with assigned teams must carry out the damage assessment with utmost sincerity and up to the last mile. Enough photos and videos should be captured. The location details should be mentioned during videography.  Section Managers to focus on getting the damage assessment done very precisely.	DM, SDO
4	Clearance of our debris obstructing roads and public movement to be done immediately. Need to be brought back to scrap yard created at sections/structures	Divisional managers should seek support of district administration for clearing trees and debris from road with the help of NDRF/ ODRAF teams. TPCODL teams must initiate simultaneous trimming/ cutting of trees near our network.	SDO

5	Damage assessment of Network as well as Civil Infrastructure after patrolling and site survey. Capturing Videos and Photographs	Concerned <b>feeder managers/section officer</b> will submit the damage report of their respective feeders. The preliminary report should be finalized by Divisional control room and a consolidated report of circle in pre-defined format will be shared with Central emergency control room. This format will be sent to Disaster Management cell for finalization and further circulation to all stakeholders. Feeder manager- Section- Sub-division- Division- Circle Emergency Control centre- Central Emergency Control centre- Disaster management cell	DM, SDO
6	Materials and vehicles on standby	Tractors and trolleys with materials must be kept on ready before cyclone for ease of mobilization post cyclone as and where required.	DMs
7	Ensuring safety zones prior to actual restoration.	All feeders would have been tripped prior to cyclone; whenever wind speed crosses 50 Km/hr. However, proper earthing must be ensured at Sub-station end and at multiple locations. No back charging is present-must be ensured.  Announcements should be done to ensure no back charging from consumer end in line with Government orders. Anyone found violating will be penalised. The main switch of individual customers using DG sets must be kept off prior switching on the DG sets.	DMs
8	All Supervisors and feeder managers should assign works to the assigned gangs in co-ordination with Section Managers	Restoration works should be carried out in well co-ordinated manner with dedicated Feeder managers and assigned teams. All works should be carried out under the guidance of SDOs and Section managers. Regular updation of ongoing activities should be shared with all stakeholders including photographs and videos.	DM/SDOs
9	Prioritization During restoration	You all must have prepared restoration plans. However, Critical Hospitals, Oxygen plants, District control rooms should be given priority. It must be made sure that simultaneous activities must be carried out on 33 KV and 11 KV concerned feeders to ensure faster restoration.	DM/SDOs

10	Material Recording and allocation	All SDOs must ensure that the Feeder manager wise Stores are mapped from where they can be given material once the damage assessment is over. At the stores have one person like CCE of section in two shifts to keep stock and record the material being given for which feeder, which location etc and which vehicle is carrying the material.	Section Managers/SDOs
11	Bringing back the dismantled material	Make adequate arrangement for bringing back the dismantled material.	Section Managers/SDOs
12	Updating Divisional Control Centre	Keeping the Division and Circle control room updated about the restoration status and issued being faced.	Section Managers/SDOs
